adamhickey

Senior Product Designer

Twenty years designing complicated software, and building it. I started as a designer-developer, spent thirteen years on enterprise products and design systems at scale, and now design and build working products with coding agents.

Independent

- **Product design and prototyping**

  2026 – Present

  Designed and built Agent Review with Claude Code: a React and TypeScript prototype for handing UI work to coding agents, with written design rules and automated checks marking where a person decides. Also Dispatch Cockpit, a decision-support prototype for dispatchers, and two products in use, Lucy Learns and Door County Found.

RBA Inc

- **Lead UX Product Designer**

  2013 – 2026

  Led enterprise product design and UX strategy for clients in logistics, manufacturing, healthcare, financial services and the public sector. Built and governed design systems on SAP, Microsoft, Umbraco and Sitecore, led the accessibility, DesignOps and governance practices, and designed and built Connect, the firm's own design-system site.

Selected work

40+ SAP applications on one design system and accessibility standard: about a third less time from design to development, and UI defects in production cut roughly in half.

A USDA grant-management portal that took data-analysis requests from 45–55 hours to just over 10.

Real-time logistics for a 450+ truck fleet: the decision surface for a dispatcher short on attention rather than data.

Pixel Farm

- **Interactive Designer / Developer**

  2008 – 2013

  Designed and built websites for Lund Boats, Fulton Beer and others in HTML, CSS and jQuery, including Lund's boat configurator and Fulton's store locator.

Expertise

Product strategy
Interaction design
Complex workflows
Design systems and governance
Accessibility
Human–AI interaction
Prototyping in code

Tools

Design: Figma
Built by hand, 2005–2013: HTML, CSS, jQuery, Flash, WordPress
Build with coding agents now: React, TypeScript, Storybook, Playwright, Claude Code, Git

Clients

Cargill, Intel, CBRE, Toro, Banner Bank, International Trucks

Earlier

LEVEL
Interactive Designer
2006 – 2008

ByDesign
Design Intern
2004 – 2006

University of Minnesota

2005

BS in Graphic Design
